

# Nurse Advisor

## (Renal, ORL, Urology, Neurology and Intra-abdominal Transplants)

We are seeking a registered nurse with strong nursing leadership and management skills. The position covers a portfolio of services which include Renal, ORL, Urology, Neurology, Neurosurgery and Intra-abdominal Transplants.

You will work in partnership with the portfolio Service Manager and Clinical Director, Level 3 Allied Health and Technical Leadership roles. You will be involved in leading and managing the services to deliver service plans and on organisational priorities. As part of this partnership you will lead a committed senior nursing team to deliver excellence in nursing practice across the portfolio of services, improving the quality and safety of services and the patient experience.

Excellent supervisory, communication and problem-solving skills are essential in order to relate to and work with staff at all levels. Preferably, you will be working towards or have completed a post-graduate qualification.

This is a full-time, permanent position working from Monday to Friday.
